SUBJECT INDEX

Ambulatorio oncologico, — in un ospedale generale, 77
Adenocarcinoma, Modification of the hexokinase activity in the red blood cells of subjects with differentiated —, 43
Adenoma, Ultrastructural observations on two parathyroid adenomas, 397
Adenosarcoma, Müllerian — of the uterus: A report of 5 cases, 499
Adriamycin, Combination chemotherapy with cyclophosphamide, —, vincristine and prednisone (CHOP) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749
Angiography, Pancreatic tumor imaging by III generation CT, gray-scale ultrasound and improved —, 357
Beta-2-microglobulin, Simultaneous plasma determination of CEA, HCG-beta and — patients with non-trophoblastic tumors, 305
Bilharzia, A study on the etiological factors of — bladder cancer in Egypt. V. Urinary nitrite in a rural population, 409
Bladder, A study on the etiological factors of bilharzial — cancer in Egypt. V. Urinary nitrite in a rural population, 409
Bleomycin, Tossicità della bleomicina somministrata in infusione continua ad alte dosi, 607
——, — infusions combined with radiotherapy in the treatment of inoperable esophageal cancer, 615
Breast, The diagnostic efficacy of mammography and palpation in early detection of — cancer, 85
——, Radiotherapy alone and radiotherapy followed by radical mastectomy in T2 — cancer, 93
——, On cytologic vagaries in the diagnosis of — tumors, 191
——, Hormone synthesis by primary — carcinomas and prognosis in human — cancer, 197
——, Idrossiprolinuria e metastasi ossee da carcinoma della mammella, 205
——, Prognosis and treatment of locoregional — cancer recurrences: Critical considerations on 120 cases, 331
——, Tamoxifen efficacy in advanced — cancer previously treated with endocrine and cytotoxic therapy, 339
——, Thermal gradient and response to estrogens or antiestrogens in advanced — cancer, 459
——, Mitomycin C in metastatic — cancer resistant to hormone therapy and conventional chemotherapy, 481
——, Subgross physiopathology of the — associated with clinical cancer, 565
——, Benign smooth muscle cell metaplasia in —, 643
——, Immunohistological patterns of immunoglobulins in dysplasias, benign neoplasms and carcinomas of the —, 699
——, Relationship of the degree and type of intraductal component with other morphologic findings in — cancer, 713
Carcinogenesis, Carcinogenicity study of 3-(5-nitro-2-furyl)-imidazo(1,2 α)pyridine in mice and rats, 131
——, Histopathology of carcinomas of the liver in mice fed perthane, 277
——, Interazioni tra epidemiologia dei tumori e — sperimentale, 515
Cardiotoxicity, Cardiotossicità da 5-fluorouracile: Descrizione di un caso clinico, 255
——, — of 5-fluorouracil, 635
——, Relationship between the effect on calcium turnover and early — of doxorubicin and 4'-epi-doxorubicin in guinea pig heart muscle, 689

CEA, Simultaneous plasma determination of —, HCG-beta and beta-2-microglobulin in patients with nontrophoblastic tumors, 305
Cervix, Cytologic screening for cervical cancer in the Florence District, 173
——, Prognostic significance of the cyto-histological classification of infiltrating cervical epidermoid carcinoma, 183
Chemotherapy, Selective mitochondrial alterations induced by a single dose of daunorubicin or 4-demethoxydaunorubicin in mouse ventricular myocardium, 27
——, Cardiotossicità da 5-fluorouracile: Descrizione di un caso clinico, 255
——, Effect of vincristine on the bone marrow cells of patients with multiple myeloma: A cytomorphologic study, 319
——, Tamoxifen efficacy in advanced breast cancer previously treated with endocrine and cytotoxic therapy, 339
——, Mitomycin C in metastatic breast cancer resistant to hormone therapy and conventional —, 481
——, Antileukemic activity of 4-demethoxydaunorubicin in mice, 549
——, Tossicità della bleomicina somministrata in infusione continua ad alte dosi, 607
——, Bleomycin infusions combined with radiotherapy in the treatment of inoperable esophageal cancer, 615
——, Relationship between the effect on calcium turnover and early cardiotoxicity of doxorubicin and 4'-epi-doxorubicin in guinea pig heart muscle, 689
——, Lithium carbonate in the treatment of drug-induced leukopenia in patients with solid tumors, 729
——, Estrogen receptors and MPA treatment in metastatic renal carcinoma. A preliminary report, 739
——, A new CMF regimen, 743
——, Combination — with cyclophosphamide, adriamycin, vincristine and prednisone (CHOP) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749
CHOP, Combination chemotherapy with cyclophosphamide, adriamycin, vincristine and prednisone (—) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749
CMF, A new — regimen, 743
Cyclophosphamide, Combination chemotherapy with —, adriamycin, vincristine and prednisone (CHOP) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749
Cytology, Reflections on a — screening service, 159
——, Cytologic screening for cervical cancer in the Florence District, 173
——, Prognostic significance of the cyto-histological classification of infiltrating cervical epidermoid carcinoma, 183
——, On cytologic vagaries in the diagnosis of breast tumors, 191
Daunorubicin, Selective mitochondrial alterations induced by a single dose of — or 4-demethoxydaunorubicin in mouse ventricular myocardium, 27
4-demethoxydaunorubicin, Selective mitochondrial alterations induced by single dose of daunorubicin or —, in mouse ventricular myocardium, 27
——, Antileukemic activity of — in mice, 549
Desmoid tumors, Abdominal and extraabdominal —. Report of 21 cases, 101
Diagnosis, Gastric carcinoma; Preliminary data of a cooperative program for early —, 349
——, On cytologic vagaries in the diagnosis of breast tumors, 191
Dichlorvos, Damage by — of human lymphocyte DNA, 425
DNA, Damage by dichlorvos of human lymphocyte —, 425
——, — content of normal and neoplastic urothelial cells. A comparative cytofluorometric and cytomorphologic study, 445
Doxorubicin, Relationship between the effect on calcium turnover and early cardiotoxicity of — and 4'-epi- — in guinea pig heart muscle, 689
Duodenum, Gangliocytic paraganglioma of the —. Case report, 637
Ellagic acid, Enhancement of pulmonary metastases following the intravenous infusions of a suspension of — in traumatized rats, 285

Endometrium, Salvage with radiotherapy of postsurgical relapses of endometrial cancer, 475
Epidemiology, Descriptive — of non-Hodgkin's lymphoma in the province of Padova, 1970-1974, 415
——, Interazioni tra epidemiologia dei tumori e cancerogenesi sperimentale, 515
Erythrocytosis, — associated with thyroid tumor, 273
Esophagus, Preoperative irradiation and surgery for esophageal cancer: Causes of failure, 109
——, Bleomycin infusions combined with radiotherapy in the treatment of inoperable esophageal cancer, 615
——, Valutazione dello stato di nutrizione di pazienti portatori di carcinoma dell'esofago, sottoposti a nutrizione parenterale totale, 623
Estrogen, Thermal gradient and response to — or anti- — in advanced breast cancer, 459
——, — receptors and MPA treatment in metastatic renal carcinoma. A preliminary report, 739
5-Fluorouracil, Cardiotossicità da —. Descrizione di un caso clinico, 255
——, Cardiotoxicity of —, 635
Gastrointestinal tract, N-nitroso compound precursors and gastric cancer: Preliminary data of a study on a group of farm workers, 145
——, Gastric carcinoma: Preliminary data of a cooperative program for early diagnosis, 349
Guinea pig, Relationship between the effect on calcium turnover and early cardiotoxicity of doxorubicin and 4'-epi-doxorubicin in — heart muscle, 689
HCG-beta, Simultaneous plasma determination CEA, — and beta-2-microglobulin in patients with non-trophoblastic tumors, 305
Hemangioendothelioma, Masson's intravascular vegetant —, 489
Hepatocytes, Long-term evolution of the main changes induced by thioacetamide on —, 529
Hexokinase, Modification of the — activity in the red blood cells of subjects with differentiated adenocarcinoma, 43
HLA antigens, — in malignant melanoma patients, 51
Hormone, — synthesis by primary breast carcinomas and prognosis in human breast cancer, 197
——, Mitomycin C in metastatic breast cancer resistant to — therapy and conventional chemotherapy, 481
Idrossiprolinuria, — e metastasi ossee da carcinoma della mammella, 205
Immunoglobulins, Non-specifically bound — on mouse placental cells, 1
——, Immunohistological patterns of — in dysplasias, benign neoplasms and carcinomas of the breast, 699
Immunology, Non-specifically bound immunoglobulins on mouse placental cells, 1
——, Comparison of the natural humoral antitumor reactivity of different strains of mice, 13
——, Sequential evaluation of immunoreactivity in patients with melanoma undergoing surgery and adjuvant therapy, 59
——, Immunologic reactivity in patients bearing solid tumors, 311
——, Immunohistological patterns of immunoglobulins in dysplasias, benign neoplasms and carcinomas of the breast, 699
Infections, Postoperative — and variations of complement components in cancer patients, 583
——, Cefuroxim-tobramicina nelle infezioni batteriche dei pazienti neoplastici, 765
Kidney, Medical treatment of metastatic renal cell carcinoma, 235
——, Tamoxifen treatment for advanced renal cell cancer, 601
——, Estrogen receptors and MPA treatment in metastatic renal cell carcinoma. A preliminary report, 739
Leukemia, Thymidine phosphorylase: A possible marker of cell maturation in acute myeloid —, 35

——, Different kinetic pattern of chronic myeloid —: Lymphoblastic and myeloblastic blastic crisis, 295
——, Primary malignant neoplasms associated with chronic lymphocytic —, 431
——, Antileukemic activity of 4-demethoxydaunorubicin in mice, 549
——, Polyamines as biological markers of the effectiveness of therapy in acute —, 677
Leukopenia, Lithium-carbonate in the treatment of drug-induced — in patients with solid tumors, 729
Lewis lung carcinoma, Cell proliferation kinetics of the intramuscularly implanted —, 669
Lipoma, The — of the tuber cinereum, 123
Lithium carbonate, — in the treatment of drug-induced leukopenia in patients with solid tumors, 729
Liver, Histopathology of carcinomas of the — in mice fed perthane, 277
——, Long-term evolution of the main changes induced by thioacetamide on hepatocytes, 529
Lung, Il carcinoma broncopolmonare: Influenza del tipo di resezione sulla sopravvivenza a distanza, 223
——, Enhancement of pulmonary metastases following the intravenous infusion of a suspension of ellagic acid in traumatized rats, 285
Lymphoblastic, Different kinetic pattern of chronic myeloid leukemia: — and myeloblastic blastic crisis, 295
Lymphocyte, Damage by dichlorvos of human — DNA, 425
——, Primary malignant neoplasms associated with chronic lymphocytic leukemia, 431
Lymphography, — in bone and soft tissue sarcomas. Experiences from three Institutions, 721
Lymphoma, In vitro formation of eosinophil-like colonies by lymph node cells from a human —, 153
——, Descriptive epidemiology of non-Hodgkin's — in the province of Padova, 1970-1974, 415
——, Combination chemotherapy with cyclophosphamide, adriamycin, vincristine and prednisone (CHOP) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749
Mammary tumor, Stability of characters of — in BALB/cfRIII mice, 439
Mammography, The diagnostic efficacy of — and palpation in early detection of breast cancer, 85
Mastectomy, Radiotherapy alone and radiotherapy followed by radical — in T2 breast cancer, 93
Melanocytoma, Metastasizing meningeal, —, 405
Melanoma, HLA antigens in malignant — patients, 51
——, Sequential evaluation of immunoreactivity in patients with — undergoing surgery and adjuvant therapy, 59
——, Stage I — of the limbs. Immediate versus delayed node dissection, 373
——, Junctions of endoplasmic reticulum and virus like intranuclear inclusions in amelanotic — metastatic to the jejunum, 507
Meningioma, Extra and intracranial meningiomas, 661
Mesothelioma, — of the pericardium: Report of a case, 269
Metastasis, Idrossiprolinuria e metastasi ossee da carcinoma della mammella, 205
——, Medical treatment of metastatic renal cell carcinoma, 235
——, Enhancement of pulmonary — following the intravenous infusion of a suspension of ellagic acid in traumatized rats, 285
——, Metastasizing meningeal melanocytoma, 405
——, Junctions of endoplasmic reticulum and virus like intranuclear inclusions in amelanotic melanoma metastatic to the jejunum, 507
——, Estrogen receptors and MPA treatment in metastatic renal carcinoma. A preliminary report, 739
Mitomycin C, — in metastatic breast cancer resistant to hormone therapy and conventional chemotherapy, 481

Mouse, Non-specifically bound immunoglobulins on — placental cells, 1
——, Comparison of the natural humoral antitumor reactivity of different strains of mice, 13
——, Selective mitochondrial alterations induced by a single dose of daunorubicin or 4-demethoxydaunorubicin in — ventricular myocardium, 27
——, Carcinogenicity study of 3-(5-nitro-2-furyl)-imidazo(1,2 α)pyridine in mice and rats, 131
——, Histopathology of carcinomas of the liver in mice fed perthane, 277
——, Stability of characters of mammary tumors in BALB/cfRIII mice, 439
——, Antileukemic activity of 4-demethoxydaunorubicin in mice, 549
MPA, Estrogen receptors and — treatment in metastatic renal carcinoma. A preliminary report, 739
Myeloblastic, Different kinetic pattern of chronic myeloid leukemia. Lymphoblastic and — blastic crisis, 295
Myeloid leukemia, Thymidine phosphorylase: A possible marker of cell maturation in acute —, 35
Myeloma, Effect of vincristine on the bone marrow cells of patients with multiple —: A cytomorphologic study, 319
Myxoma, — of oral soft tissue, 655
Nitrate, A study on the etiological factors of bilharzial bladder cancer in Egypt. V. Urinary nitrite in a rural population, 409
3-(5-nitro-2-furyl)-imidazo(1,2 α)pyridine, Carcinogenicity study of — in mice and rats, 131
N-Nitroso-compound, — precursors and gastric cancer: Preliminary data of a study on a group of farm workers, 145
Node-dissection, Stage I melanoma of the limbs. Immediate versus delayed —, 373
Nutrition, Effect of supportive intravenous hyperalimentation on the nutritional status of cancer patients, 241
——, Valutazione dello stato di nutrizione di pazienti portatori di carcinoma dell'esofago, sottoposti a nutrizione parenterale totale, 623
Osteosarcoma, On radiation-induced extraskeletal —; Report of a case, 261
Pancreatic tumor, — imaging by III generation CT, gray-scale ultrasound and improved angiography, 357
Paraganglioma, Gangliocytic — of the duodenum. Case report, 637
Parathyroid, Ultrastructural observations on two — adenomas, 397
Perthane, Histopathology of carcinomas of the liver in mice fed —, 277
Polyamines, — as biological markers of the effectiveness of therapy in acute leukemia, 677
Prednisone, Combination chemotherapy with cyclophosphamide, adriamycin, vincristine and — (CHOP) for non-Hodgkin's lymphomas with unfavorable histology: Preliminary results, 749

CONTENTS OF VOLUME 66, 1980

Fascicle 1

1 Bellelli L., Sezzi M.L.: Non-specifically bound immunoglobulins on mouse *placental cells*

13 Ménard S., Colnaghi M.I., Della Porta G.: Comparison of the natural humoral antitumor reactivity of different strains of mice

27 Zanon P.L., Lambertenghi-Deliliers G., Pozzoli E.F., Nava M., Soligo D.A., Praga C., Di Marco A.: Selective mitochondrial alterations induced *by a single dose of daunorubicin or 4-demethoxydaunorubicin in mouse* ventricular myocardium

35 Palú G.: Thymidine phosphorylase: A possible marker of cell maturation in acute myeloid leukaemia

43 Dachà U., Sensini A., Giacchi R., Canestrari F., Palma F., Dachà M., Faggioni A.: Modification of the hexokinase activity in the red blood cells of subjects with differentiated adenocarcinoma

51 *Pellegris G., Illeni M.T., Vaglini M., Rovini D., Cascinelli N., Masserini C.:* HLA antigens in malignant melanoma patients

59 Dionigi R., Dominioni L., Gnes F., Bonera A., Prati U., Scarponi A., Robustelli Della Cuna G., Pavesi L., Campani M.: Sequential evaluation of immunoreactivity in patients with melanoma undergoing surgery and adjuvant therapy

77 Galligioni E., Veronesi A., Trovò M.G., Tirelli U., Magri M.D., Talamini R., *Tumolo S., Grigoletto E.: L'ambulatorio oncologico in un ospedale* generale

85 Rosselli Del Turco M., Giannardi G., Villari N.: The diagnostic efficacy of mammography and palpation in early detection of breast cancer

93 Zucali R., Volterrani F., Kenda R., Uslenghi C.: Radiotherapy alone and *radiotherapy followed by radical mastectomy in T2 breast cancer*

101 Zingo L., Cusumano F., Salvadori B.: Abdominal and extra-abdominal desmoid tumors. Report of 21 cases

109 Valente M., Cataldo I., Grandi C., Luini A., Milani F., Pizzocaro G., Ravasi G.: Preoperative irradiation and surgery for esophageal cancer: Causes *of failure*

117 Basso-Ricci S., della Costa C., Viganotti G., Ventafridda V., Zanolla R.: Report on 42 cases of postirradiation lesions of the brachial plexus and their treatment

123 Discepoli S.: The lipoma of tuber cinereum

Fascicle 2

131 Cabral J.R., Rossi L., Dragani T.A., Della Porta G.: Carcinogenicity study of 3-(5-nitro-2-furyl)-imidazo(1,2-α)pyridine in mice and rats

145 Amadori D., Ravaioli A., Gardini A., Liverani M., Zoli W., Tonelli B., Ridolfi R., Gentilini P.: N-nitroso compound precursors and gastric cancer: Preliminary data of a study on a group of farm workers

153 Ruco L.P., Uccini S., Rigato P., Baroni C.D.: In vitro formation of eosinophil-like colonies by lymph node cells from a human lymphoma

159 Andrews G.S., Davies M.: Reflections on a cytology screening service

173 Cecchini S., Cianciosi C., Galanti L.: Cytologic screening for cervical cancer in the Florence District

183 Dalla Palma P., Arslan Pagnini C., de Laurentiis G.: Prognostic sifnificance of the cyto-histological classification of infiltrating cervical epidermoid carcinoma

191 Biedrzycki T., Dabska M., Sikorowa L., Kubicki T.: On cytologic vagaries in the diagnosis of breast tumors

197 Di Martino L., Tarquini A., Mitchell I., Deshpande N.: Hormone synthesis by primary breast carcinomas and prognosis in human breast cancer

205 Cruciani G., Bardella D., Fiorentini G.M., Marangolo M., Tavolazzi L.: Idrossiprolinuria e metastasi ossee da carcinoma della mammella

215 Galante E., Milani A., Attili A.: Growth rate of soft tissue sarcomas: A quantitative study of 44 local recurrences

223 Modini C., Iascone C., Cicconetti F., Zerilli M., Stipa S.: Il carcinoma broncopolmonare: Influenza del tipo di resezione sulla sopravvivenza a distanza

235 Tirelli U., Frustaci S., Galligioni E., Veronesi A., Trovò M.G., Magri D.M., Crivellari D., Roncadin M., Tumolo S., Grigoletto E.: Medical treatment of metastatic renal cell carcinoma

241 Bozzetti F., Terno G., Baticci F., Bonalumi M.G., Scotti A., Ammatuna M., Migliavacca S., Emanuelli H.: Effect of supportive intravenous hyperalimentation on the nutritional status of cancer patients

255 Manente P., Buchberger R., Valmachino G., Fioretti D., Lo Giudice C., Gasparoni P., Conte N.: Cardiotossicità da 5-fluorouracile: Descrizione di un caso clinico

261 Ascenzi A., Casagrande A., Ribotta G.: On radiation-induced extraskeletal osteosarcoma: Report of a case

269 Cusumano F., De Lellis R., Piotti P.: Mesothelioma of the pericardium: Report of a case

273 Dallera F., Gamoletti R.: Erythrocytosis associated with thyroid tumor

Fascicle 3

277 Reuber M.D.: Histopathology of carcinomas of the liver in mice fed perthane

285 Agostino D., Agostino N.: Enhancement of pulmonary metastases following the intravenous infusion of a suspension of ellagic acid in traumatized rats

295 Piacibello W., Aglietta M., Gavosto F.: Different kinetic pattern of chronic myeloid leukemia: Lymphoblastic and myeloblastic blastic crisis

305 Ruibal A., Gultresa J.: Simultaneous plasma determination of CEA, HCG-beta and beta-2-microglobulin in patients with non-trophoblastic tumors

311 Menconi E., Barzi A., Greco M.: Immunologic reactivity in patients bearing solid tumors

319 Riccardi A., Montecucco C., Cresci R., Traversi E., Perugini S.: Effect of vincristine on the bone marrow cells of patients with multiple myeloma: A cytomorphologic study

331 Di Pietro S., Bertario L., Piva L.: Prognosis and treatment of locoregional breast cancer recurrences: Critical considerations on 120 cases

339 De Lena M., Brambilla C., Jirillo A.: Tamoxifen efficacy in advanced breast cancer previously treated with endocrine and cytotoxic therapy

349 Maltoni G., Pacini F., Moriani M., Amadori D., Ravaioli A., Santi L., Aste H., Nicolò G.: Gastric carcinoma: Preliminary data of a cooperative program for early diagnosis

357 Love L., Fizzotti G., Damascelli B., Ceglia E., Garbagnati F., Milella M.: Pancreatic tumor imaging by III generation CT, gray-scale ultrasound and improved angiography

373 Veronesi U., Adamus J., Bandiera D.C., Brennhovd I.O., Caceres E., Cascinelli N., Claudio F., Ikonopisov R.L., Javorskj V.V., Kirov S., Kulakowski A., Lacour J., Lejeune F., Mechl Z., Morabito A., Rodé I., Sergeev S., van Slooten E., Szczygiel K., Trapeznikov N.N., Wagner R.I.: Stage I melanoma of the limbs. Immediate versus delayed node dissection

397 Spagnoli L.G., Villaschi S., Oddi G., Cocchieri G.: Ultrastructural observations on two parathyroid adenomas

405 Ferracini R., Gardini G., Brisigotti M., Lanzanova G., Manetto V., Lorenzini P.: Metastazing meningeal melanocytoma

Fascicle 4

409 El-Aaser A.A., El-Merzabani M.M., El-Bolkainy M.N., Ibrahim A.S., Zakhary N.I., El-Morsi B.: A study on the etiological factors of bilharzial bladder cancer in Egypt. Urinary nitrite in a rural population

415 Zambon P., Simonato L., Pennelli N., Mastrangelo G., Saia B.: Descriptive epidemiology of non-Hodgkin's lymphoma in the province of Padova, 1970-1974

425 Perocco P., Fini A.: Damage by dichlorvos of human lymphocyte DNA

431 Santoro A., Rilke F., Franchi F., Monfardini S.: Primary malignant neoplasms associated with chronic lymphocytic leukemia

439 Pingitore R.: Stability of characters of mammary tumors in BALB/cfRIII mice

445 Boon M.E.: DNA content of normal and neoplastic urothelial cells. A comparative cytofluorometric and cytomorphologic study

459 Di Pietro S., Rovini D., Luini A., Muscolino G., Viganotti G.: Thermal gradient and response to estrogens or antiestrogens in advanced breast cancer

467 Reinfuss M., Korzeniowski S.: The role of radiotherapy in the treatment of malignant tumors of the salivary glands

475 Pirtoli L., Ciatto S., Cionini L., Taddei G., Colafranceschi M.: Salvage with radiotherapy of postsurgical relapses of endometrial cancer

481 De Lena M., Jirillo A., Brambilla C., Villa S.: Mitomycin C in metastatic breast cancer resistant to hormone therapy and conventional chemotherapy

489 Eusebi V., Fanti P.A., Fedeli F., Mancini A.M.: Masson's intravascular vegetant hemangioendothelioma

499 Martinelli G., Pileri S., Bazzocchi F., Serra L.: Müllerian adenosarcoma of the uterus: A report of 5 cases

507 Bhawan J., Silva W.: Junctions of endoplasmic reticulum and virus like intranuclear inclusions in amelanotic melanoma metastatic to the jejunum

Fascicle 5

515 Terracini B., Vineis P.: Interazioni tra epidemiologia dei tumori e cancerogenesi sperimentale

529 Pollera M., Malvaldi G.: Long-term evolution of the main changes induced by thioacetamide on hepatocytes

549 Casazza A.M., Pratesi G., Giuliani F., Di Marco A.: Antileukemic activity of 4-demethoxydaunorubicin in mice

565 Sarnelli R., Sabò C., Squartini F.: Subgross physiopathology of the breast associated with clinical cancer

583 Dominioni L., Dionigi R., Campani M.: Postoperative infections and variations of complement components in cancer patients

595 Zucali R., Gardani G., Volterrani F.: Adjuvant postoperative radiotherapy in locally advanced rectal and rectosigmoidal cancer

601 Ferrazzi E., Salvagno L., Fornasiero A., Cartei G., Fiorentino M.: Tamoxifen treatment for advanced renal cell cancer

607 Fornasiero A., Daniele O., Paccagnella A., Fosser V., Cartei G., Ferrazzi E., Fiorentino M.: Tossicità della bleomicina somministrata in infusione continua ad alte dosi

615 Kolarić K., Maričić Ž., Roth A., Dujmović I.: Bleomycin infusions combined with radiotherapy in the treatment of inoperable esophageal cancer

623 Mulieri M., Cetorelli L., Migliaccio P.A., Sorrentino D., Ticca M.: Valutazione dello stato di nutrizione di pazienti portatori di carcinoma dell'esofago, sottoposti a nutrizione perenterale totale

635 Gamucci T., Zampa G.: Cardiotoxicity of 5-fluorouracil

637 Beltrami C.A., Montironi R., Cinti S.: Gangliocytic paraganglioma of the duodenum: Case report

643 Eusebi V., Cunsolo A., Fedeli F., Severi B., Scarani P.: Benign smooth muscle cell metaplasia in breast

655 Campos G.M., Grandini S.A., Lopes R.A.: Myxoma of oral soft tissue

661 Schmid C., Bestetti-Bosisio M., Schiaffino E., Servida E., Zibordi F.: Extra and intracranial meningiomas

Fascicle 6

669 Badaracco G., Greco C., Starace G.: Cell proliferation kinetics of the intramuscularly implanted Lewis lung carcinoma

677 Romano M., Cecco L., Cerra M., Montuori R., De Rosa C.: Polyamines as biological markers of the effectiveness of therapy in acute leukemia

689 Villani F., Favalli L., Piccinini F.: Relationship between the effect on calcium turnover and early cardiotoxicity of doxorubicin and 4'-epi-doxorubicin in guinea pig heart muscle

699 Sieinski W.: Immunohistological patterns of immunoglobulins in dysplasias, benign neoplasms and carcinomas of the breast

713 Migliori E., Squartini F.: Relationship of the degree and type of intraductal component with other morphologic findings in breast cancer

721 Tallroth K., Makai F., Musumeci R.: Lymphography in bone and soft tissue sarcomas. Experiences from three institutions
